RELEASE NOTES

Spacemap Go Plugin: AAX Standard v1.2.0

The AAX Standard for AVID Pro Tools DAW plugin requires:

- Spacemap Go version 1.2.0 or higher

- GALAXY firmware version 2.4.2 or higher (all GALAXY Processor models)

AAX STANDARD—FOR AVID PRO TOOLS DAW PLUGIN

This plugin provides user controls integrated into the AVID Pro Tools DAW software for:

- X-Y positions

- Cross fade

- Spread

- Trajectory status

- Trajectory rate

- Snapshot recall

NOTE: Other Spacemap controls and configuration options are accessed via the Spacemap Go app, version 1.2.0 or higher.

Additionally, snapshot recall can be synchronized within the Pro Tools automation structure.
